

Liberty Jump Team

Mission:

To support Veterans and their families by honoring, commemorating, and remembering Veterans from all eras throughout history by conducting static-line, round canopy and freefall parachute jumps throughout the United States and Europe, and giving participating Veterans a sense of community and camaraderie that they miss and yearn for after leaving military service.

★ Honoring the Past

Team members are military service members, peacetime and combat Veterans who served in Vietnam, Grenada, Panama, Somalia, Haiti, Iraq or Afghanistan, and civilian—LJT trained jumpers.

Several are combat wounded Purple Heart recipients.

Remembering our Heroes ★

Formed in 2006, the Liberty Jump Team is a charitable 501(c)(3)-non-profit corporation recognized by IRS statutes as an educational and research entity.

The work of the team is supported by donations from corporations, the general public, and team members volunteering their time and resources.

★ Commemorating Courage Celebrating the Legacy ★

Airborne—All the Way!

Liberty Jump Team

Team members use modern military, static-line, steerable round canopy parachutes to re-create historic airborne operations, jumping from World War II-era C-47 Dakota aircraft in World War II uniforms and equipment including M1C 'steel pot' Paratrooper helmets and M1942 jump suits representing Paratroopers from the elite 82nd and 101st Airborne Divisions.

Jumpers range in age from their 20's to their 70's and many served as U.S. Army Paratroopers.

LJT has jumpers from Canada, France, and 7 other countries around the world.

Liberty Jump Team honors Veterans by conducting airborne operations on original, historic World War II Drop Zones in Europe, and as part of the official programs during commemoration events in Normandy, Holland and Belgium, and at air shows across the U.S.

Team members jump in place of our Veterans to honor them, to show other generations how these great Americans contributed to winning America's wars, and to commemorate the Army's early and continuing airborne operations preserving the Airborne history, traditions, and legacy.
